You can count on us!

The DFS Investment Solution Monitoring Committee is made up of investment specialists, actuaries and members of senior management from Desjardins Insurance. The Committee continuously reviews our range of Funds to ensure you have the best investment options available to reach your retirement savings goals.

Selecting our Funds and fund managers

Desjardins Insurance is committed to providing you with investment options that meet your needs. With that in mind, we identify the objectives and constraints that our fund managers will need to work with. We look at a combination of factors: Does the manager have an innovative philosophy that has been proven under different market conditions? Do they respect the portfolio's investment strategy and long-term performance? That way, we can make sure we have a diverse range of Funds and a team of managers with complementary management styles.
